Acrylic (Intraocular lenses)

Neodymium:YAG capsulotomy rates following phacoemulsification with implantation of PMMA, silicone, and acrylic intraocular lenses. p375. Ram J, et al.

Keratometric results during the first year after keratoplasty: adjustable single running suture technique versus double running suture technique. p370. Ramirez M, et al.

Aesthetic Surgery

Fat-conserving aesthetic lower blepharoplasty. p41. Fante RG, et al.

AIDS

Quantitative CMV antigenemia correlated with ophthalmoscopic screening for CMV retinitis in AIDS patients. p81. Fezza J, et al.

Ahmed Valve

Anatomic and histopathologic findings following a failed Ahmed glaucoma valve device. p248. Ayyala RS, et al.

Amniotic Membrane

Preserved human amniotic membrane transplantation in the treatment of primary pterygium. p464. Tekin NF, et al.

Amyloidosis

Nodular cutaneous amyloid tumors of the eyelids in the absence of systemic amyloidosi. p422. Pelton RW, et al.

Amyloid Tumors

Nodular cutaneous amyloid tumors of the eyelids in the absence of systemic amyloidosis. p422. Pelton RW, et al.

Anaphylaxis

Subconjunctival cephalosporin anaphylaxis. p79. Berrocal AM, et al.

Anesthesia

Subconjunctival anesthesia in contact diode laser cyclophotocoagulation. p289. Schlote T, et al.

Anterior Capsulotomies

Long-term results of various anterior capsulotomies and radial tears on intraocular lens centration. p118. Oner FH, et al.

Antiscarring Agent

GGRGDSPCA peptide: a new antiscarring agent on glaucoma filtration surgery. p134. Avila M, et al.

Argon Laser Photocoagulation

Argon laser photocoagulation for recurrent hyphema caused by a rupture of Schlemm's canal. p255. Akkin C, et al.

Atlas of vitreous biomicroscop by Schepens CL, et al. Book review. p176. Ho AC.

Aureobasidium pullulans*Aureobasidium pullulans* scleritis following keratoplasty: a case report. p481. Gupta V, et al.

Axial Positions

Kinetic observational exophthalmometry: a simple clinical method of assessing the relative axial positions of the eyes. p257. Kim P, et al.

BB Gun Injury

Chorioretinitis sclopetaria from BB ex memoria. p152. Otto CS, et al.

Bimanual Pars Plana Lensectomy

Illuminated lens fixator for bimanual pars plana lensectomy. p438. Arroyo JG, et al.

Blepharoplasty

Fat-conserving aesthetic lower blepharoplasty. p41. Fante RG.

Blood Clot

Open-angle glaucoma secondary to blood clot in the Schlemm's canal following scleral buckle surgery and its treatment with tPA. p145. Ayyala RS, et al.

Brain Lesions

Endogenous Pseudallescheria boydii endophthalmitis in a patient with ring-enhancing brain lesions. p325. Luu KKM, et al.

Breast Tumor

Laser therapy in the management of choroidal breast tumor metastases. p294. Levinger S, et al.

Carcinoma

Extraocular muscle metastasis 16 years following primary prostate carcinoma. p 479. Scott IU, et al.

CAT

Quantitative analysis of hydroxyl radicals in the anterior optic nerve of the CAT following transient ischemia. p55. Avinoam Ophir, et al.

Cataract Surgery

The outcome of the functioning filter after subsequent cataract extraction. p108. Halikiopoulos D, et al.

Postoperative complications after simultaneous vitrectomy and cataract surgery. p391. Suzuki Y, et al.

Cataract surgery with primary posterior chamber intraocular lens implantation in nanophthalmos. p333. Mandal AK.

Postoperative complications and visual results in uniocular pediatric traumatic cataract. p233. Brar GS, et al.

Sinus Fracture—phacoemulsification technique for dense cataracts. p503. Dada VK, et al.

Cefepime

Ocular penetration of cefepime following systemic administration in humans. p25. Ozdamar A, et al.

Cephalosporin

Subconjunctival cephalosporin anaphylaxis. p79. Berrocal AS, et al.

Children—Eye Injury

Severe penetrating ocular injury from ninja stars in two children. p336. Jeng BH, et al.

Chorioretinitis Sclopetaria

Chorioretinitis sclopetaria from BB ex memoria. p152. Otto CS, et al.

Choroidal Breast Tumor Metastases

Laser therapy in the management of choroidal breast tumor metastases. p294. Levinger S, et al.

Choroidal Melanoma

Subretinal hemorrhage from a retinal arterial macroaneurysm simulating a choroidal melanoma. p86. Shields CL, et al.

Choroidal Neovascularization

Optical coherence tomography in the diagnosis of subclinical serous detachment of the macula secondary to a choroidal nevus. p474. Muscat S, et al.

Subretinal, viscoelastic-assisted, endoscope-guided photothermal ablation of choroidal neovascular membranes by erbium:YAG laser. p456. Guiroz-Mercado H, et al.

Surgical removal of submacular choroidal neovascularization: a clinicopathologic study and factors influencing visual outcomes. p406. Corey RL, et al.

Chronic Endophthalmitis

Traumatic lens abscess with chronic endophthalmitis successfully treated with pars plana lensectomy and vitrectomy. p239. Kaushik S, et al.

Chronic Postoperative Hypotony

A simple treatment for chronic postoperative hypotony of unknown etiology: the injection of balanced salt solution into the anterior chamber. p250. Irmela Mantel, et al.

Clindamycin

Intravitreal clindamycin and dexamethasone for toxoplasmic retinochoroiditis. p183. Kamal Kishore, et al.

CMV Retinitis

Quantitative CMV antigenemia correlated with ophthalmoscopic screening for CMV retinitis in AIDS patients. p81. Fezza J, et al.

Complex cases with LASIK: advanced techniques and complication management by Louis E. Probst. Book review. p175. Dugan JD Jr.

Confocal scanning laser ophthalmoscope three-dimensional analysis of macular diseases with a scanning retinal thickness analyzer and a confocal scanning laser ophthalmoscope. p95. Konno S, et al.

Congenital Glaucoma

The association of unilateral congenital glaucoma and congenital lower lid entropion: causal or casual? p 149. Mandal AK, et al.

Congenital Lower Lid Entropion

The association of unilateral congenital glaucoma and congenital lower lid entropion: causal or casual? p149. Manda AKl, et al.

Conjunctival Flap

Hydrodissection of conjunctival flap during trabeculectomy in eyes with conjunctival

scarring caused by trachoma. p213. Mitra S, et al.

Conjunctival Scarring

Hydrodissection of conjunctival flap during trabeculectomy in eyes with conjunctival

scarring caused by trachoma. p213. Mitra S, et al.

Contact Diode Laser Cyclophotocoagulation

Subconjunctival anesthesia in contact diode laser cyclophotocoagulation. p289. Schlote T, et al.

Contact Lens

Hollow bandage contact lens. p124. Porges Y, et al.

Contact Vitrectomy Lenses

Evaluation of glutaraldehyde and povidone iodine for sterilization of wide-field contact vitrectomy lenses. p300. Das T, et al.

Corneal Button

Retrieval of a dropped corneal button from a vitrectomized eye. p494. Sharma A, et al.

Corneal Graft

Repair of a late-onset filtering bleb leak using a corneal graft shaped with an excimer laser. p428. Mistlberger A, et al.

Corneal Lacerations

Novel suture technique in stellate corneal lacerations, A. p436. Akkin C, et al.

Corneal Melting

Tectonic epikeratoplasty: a surgical procedure for corneal melting. p305. Lifshitz T, et al.

Corneal Topography

Corneal topography changes after vitreoretinal surgery. p168. Azar-Arevalo O, et al.

The effect of pterygium surgery on corneal topography. p35. Cinal A, et al.

Cyclophotocoagulation

Diode laser cyclophotocoagulation in refractory glaucoma: comparison between pediatric and adult glaucomas. p100. Izgi B, et al.

Subconjunctival anesthesia in contact diode laser cyclophotocoagulation. p289. Schlote T, et al.

Dacryocystorhinostomy

Endonasal laser dacryocystorhinostomy and external dacryocystorhinostomy outcome profile in a general ophthalmic service unit: a comparative retrospective study. p220. Ibrahim HA, et al.

Valsalva retinopathy-like hemorrhage associated with combined trabeculotomy—trabeculectomy in a patient with developmental glaucoma. p330. Mandal AK, et al.

Dexamethasone

Intravitreal clindamycin and dexamethasone for toxoplasmic retinochoroiditis. p183. Kamal Kishore, et al.

Diabetics

Efficacy of various laser wavelengths in the treatment of clinically significant macular edema in diabetics. p397. Gupta V, et al.

Diode Laser Cyclophotocoagulation

Diode laser cyclophotocoagulation in refractory glaucoma: comparison between pediatric and adult glaucomas. p100. Izgi B, et al.

Subconjunctival anesthesia in contact diode laser cyclophotocoagulation. p289. Schlote T, et al.

Diode Laser Photocoagulation

Diode laser photocoagulation for retinopathy of prematurity: a histopathologic study. p63. Park. et al.

Dislocated Intraocular Lenses

"Luggage-tag" suture fixation of partially dislocated intraocular lenses. p346. Virata SR, et al.

Management of posteriorly dislocated intraocular lens: a new technique. p260. Santos A, et al.

Double-Running Suture Technique

Keratometric results during the first year after keratoplasty: adjustable single running suture technique versus double running suture technique. p370. Ramirez, M, et al.

Endonasal Laser Dacryocystorhinostomy

Endonasal laser dacryocystorhinostomy and external dacryocystorhinostomy outcome profile in a general ophthalmic service unit: a comparative retrospective study. p220. Ibrahim HA, et al.

Risk factors in endophthalmitis leading to evisceration or enucleation. p208. Tsai Y-Y, et al.

Traumatic lens abscess with chronic endophthalmitis successfully treated with pars plana lensectomy and vitrectomy. p239. Kaushik S, et al.

Acute bilateral postoperative endophthalmitis in a HLA-DQ5-positive patient: possible susceptibility to infections. p322. Nicoli CL, et al.

Endogenous Pseudallescheria boydii endophthalmitis in a patient with ring-enhancing brain lesions. p325. Luu KKM, et al.

The association of unilateral congenital glaucoma and congenital lower lid entropion: causal or casual? p149. Mandal AK, et al.

A novel approach for the fixation of enucleated eyes during microsurgical procedures using common household plumbing accessories. p166. Yip C-C, et al.

Enucleation

Risk factors in endophthalmitis leading to evisceration or enucleation. p208. Tsai Y-Y, et al.

Erbium:YAG Laser

Morphology of the trabecular meshwork three years after erbium:YAG laser trabecular ablation. p483. Dietlein TS, et al.

Subretinal, viscoelastic-assisted, endoscope-guided photothermal ablation of choroidal neovascular membranes by erbium:YAG laser. p456. Guiroz-Mercado, H, et al.

Use of Erbium:YAG laser in the treatment of palpebral xanthelasmas. p129. Mannino G, et al.

Erupted Teeth

Primary congenital glaucoma and erupted teeth (natal teeth) in the newborn: a report of two cases. p419. Mandal, AK.

Evisceration

Risk factors in endophthalmitis leading to evisceration or enucleation. p208. Tsai Y-Y, et al.

Excimer Laser

Repair of a late-onset filtering bleb leak using a corneal graft shaped. with an excimer laser. p428. Andrea Mistlberger, et al.

Excimer Laser Photorefractive Keratectomy

Excimer laser photorefractive keratectomy for hyperopia. p30. Elena P, et al.

an excimer laser. p428. Andrea Mistlberger, et al.

Excimer Laser Photorefractive Keratectomy

Excimer laser photorefractive keratectomy for hyperopia. p30. Elena P, et al.

External Dacryocystorhinostomy

Endonasal laser dacryocystorhinostomy and external dacryocystorhinostomy outcome profile in a general ophthalmic service unit: a comparative retrospective study. p220. Hesham A, et al.

Eye Fixation Speculum

Using the eye fixation speculum as an adjunct to pterygium surgery. p162. Mulhern MG, et al.

Eyelids

Nodular cutaneous amyloid tumors of the eyelids in the absence of systemic amyloidosis. p422. Pelton RW, et al.

Failed Macular Hole Surgery

Microbubble retention and failed macular hole surgery. p243. Chow DR, et al.

Filter, Filtering Procedures

The outcome of the functioning filter after subsequent cataract extraction. p108. Halikiopoulos D, et al.

GGRGDSPCA peptide: a new antiscarring agent on glaucoma filtration surgery. p134. Avila M, et al.

Suramin to enhance glaucoma filtering procedures: a clinical comparison with mitomycin. p358. Mietz H, et al.

Gold implant treatment for discomfort induced by a filtering bleb . p425. Crichton ACS, et al.

Repair of a late-onset filtering bleb leak using a corneal graft shaped with an excimer laser. p428. Mistlberger, A, et al.

Repair of a late-onset filtering bleb leak using a corneal graft shaped with an excimer laser. p428. Mistlberger A, et al.

Fixation

A novel approach for the fixation of enucleated eyes during microsurgical procedures using common household plumbing accessories. p166. Yip C-C, et al.

Fluid-Gas Exchange

Adjuvant methods in macular hole surgery: intraoperative plasma-thrombin mixture and postoperative fluid-gas exchange. p198. Blumenkranz MS, et al.

Fundus Autofluorescence

Fundus autofluorescence in macular hole surgery. p383. Framme C, et al.

GGRGDSPCA Peptide

GGRGDSPCA peptide: a new antiscarring agent on glaucoma filtration surgery. p134. Avila M, et al.

Glaucoma

Diode laser cyclophotocoagulation in refractory glaucoma: comparison between pediatric and adult glaucomas. p100. Izgi B et al.

The association of unilateral congenital glaucoma and congenital lower lid entropion: causal or casual? p149. Mandal AK, et al.

Glaucoma Filtration Surgery (see Filter, Filtering)

Glaucoma Seton Devices

Scleral tunnel for the implantation of glaucoma seton devices. p432. Ozdamar A, et al.

Glaucoma Valve Device

Anatomic and histopathologic findings following a failed ahmed glaucoma valve device. p248. Ayyala RS, et al.

Glutaraldehyde

Evaluation of glutaraldehyde and povidone iodine for sterilization of wide-field contact vitrectomy lenses. p300. Das T, et al.

Gold Implant

Gold implant treatment for discomfort induced by a filtering bleb. p425. Andrew CS, et al.

Goniotomy

Endoscopic goniotomy with anterior chamber maintainer surgical technique and one-year results. p496. Bayraktar S, et al.

Gore-tex (see Polytetrafluoroethylene High-Energy Nd:YAG Laser)

A traumatic macular hole secondary to a high-energy Nd:YAG laser. p73. ChuangL-H, et al.

Histopathology

Histopathology of polytetrafluoroethylene (Gore-tex) as a scleral buckle in humans. p245. Sheu S-J, et al.

HLA-DQ5-Positive

Acute bilateral postoperative endophthalmitis in a HLA-DQ5-positive patient: possible susceptibility to infections. p322. Nicoli CL, et al.

Hollow Bandage Contact Lens

Hollow bandage contact lens. p124. Porges Y, et al.

Hydrodissection

Hydrodissection of conjunctival flap during trabeculectomy in eyes with conjunctival scarring caused by trachoma. p213. Mitra S, et al.

Hydroxyl Radicals

Quantitative analysis of hydroxyl radicals in the anterior optic nerve of the cat following transient ischemia. p55. Ophir A, et al.

Hyperopia

Excimer laser photorefractive keratectomy for hyperopia. p30. Pacella E, et al.

Hyphema

Argon laser photocoagulation for recurrent hyphema caused by a rupture of Schlemm's canal. p255. Akkin C, et al.

Hypotony

A simple treatment for chronic postoperative hypotony of unknown etiology: the injection of balanced salt solution into the anterior chamber. p250. Mantel I, et al.

Illuminated Lens Fixator

Illuminated lens fixator for bimanual pars plana lensectomy. p438. Arroyo JG, et al.

Imaging

Structural changes of the retina in retinal vein occlusion-imaging and quantification with optical coherence tomography. p272. Lerche R-C, et al.

Improvised Surgical Devices

A novel approach for the fixation of enucleated eyes during microsurgical procedures using common household plumbing accessories. p166. Yip C-C, et al.

Indocyanine Green Angiography

Persistent indocyanine green angiographic findings in multiple evanescent white dot syndrome. p156. Yen MT, et al.

Infection

Acute bilateral postoperative endophthalmitis in a HLA-DQ5-positive patient: possible susceptibility to infections. p322. Nicoli CL, et al.

Internal Limiting Membrane

Internal limiting membrane removal for traumatic macular holes. p308. Kuhn F, et al.

Intraocular Lens

High volume sutureless intraocular lens surgery in a rural eye camp in India. p446. Balent LC, et al.

Iris neovascularization after vitrectomy combined with phacoemulsification and intraocular lens implantation for proliferative diabetic retinopathy. p19. Kadonosono K, et al.

Long-term results of various anterior capsulotomies and radial tears on intraocular lens centration. p118. Hakan F, et al.

Management of posteriorly dislocated intraocular lens: a new technique. p260. Santos A, et al.

Cataract surgery with primary posterior chamber intraocular lens implantation in nanophthalmos. p333. Mandal AK, et al.

"Luggage-tag" suture fixation of partially dislocated intraocular lenses. p346. Virata SR, et al.

Neodymium:YAG capsulotomy rates following phacoemulsification with implantation of PMMA, silicone, and acrylic intraocular lenses. p375. Ram J, et al.

Intraocular Lens Centration

Long-term results of various anterior capsulotomies and radial tears oni

ntraocular lens centration. p118. Oner FH, et al.

Intravitreal Clindamycin

Intravitreal clindamycin and dexamethasone for toxoplasmic retinochoroiditis. p183. Kishore K, et al.

IOL (see intraocular lens)

Iridodialysis

A simple closed chamber technique for repair of traumatic iridodialysis in phakic eyes. p83. Erakgun T, et al.

Iris Neovascularization

Iris neovascularization after vitrectomy combined with phacoemulsification and intraocular lens implantation for proliferative diabetic retinopathy. p19. Kadonosono K, et al.

Ischemia

Quantitative analysis of hydroxyl radicals in the anterior optic nerve of the cat following transient ischemia. p55. Ophir A, et al.

Jones Tube

The treatment of lacrimal apparatus obstruction with the use of an inner canthal Jones tube insertion via a transcaruncular route. p48. Lee JS, et al.

Keratometry

Keratometric results during the first year after keratoplasty: adjustable single running suture technique versus double running suture technique. p370. Ramirez M, et al.

Keratoplasty

Aureobasidium pullulans*Aureobasidium pullulans* scleritis following keratoplasty: a case report. p481. Gupta V, et al.

Keratometric results during the first year after keratoplasty: adjustable single running suture technique versus double running suture technique. p370. Ramirez M, et al.

Kinetic Observational Exophthalmometry

Kinetic observational exophthalmometry: a simple clinical method of assessing the relative axial positions of the eyes. p257. Kim P, et al.

Lacrimal Apparatus

The treatment of lacrimal apparatus obstruction with the use of an inner canthal Jones tube insertion via a transcaruncular route. p48. Lee JS, et al.

Laser (see also Argon, Diode, Excimer, High Energy Nd:YAG)

Laser pneumatic retinopexy for repair of recurrent retinal detachment after failed scleral buckle-ten years experience. p13. Friberg TR, et al.

Three-dimensional analysis of macular diseases with a scanning retinal thickness analyzer and a confocal scanning laser ophthalmoscope. p95. Konno S, et al.

Endonasal laser dacryocystorhinostomy and external dacryocystorhinostomy outcome profile in a general ophthalmic service unit: a comparative retrospective study. p220. Ibrahim HA, et al.

Laser therapy in the management of choroidal breast tumor metastases. p294. Levinger S, et al.

Laser Wavelengths

Efficacy of various laser wavelengths in the treatment of clinically significant macular edema in diabetics. p397. Gupta V et al.

Lens Abscess

Traumatic lens abscess with chronic endophthalmitis successfully treated with pars plana lensectomy and vitrectomy. p239. Kaushik S, et al.

Lensectomy

Illuminated lens fixator for bimanual pars plana lensectomy. p438. Arroyo JG, et al

Traumatic lens abscess with chronic endophthalmitis successfully treated with pars plana lensectomy and vitrectomy. p239. Kaushik S, et al.

Lipemia Retinalis

Lipemia retinalis. p77. Shah GK, et al.

"Luggage-tag" Suture Fixation

"Luggage-tag" suture fixation of partially dislocated intraocular lenses. p346. Virata SR, et al.

Lung Cancer

Optic nerve metastasis from oat cell lung adenocarcinoma: regression after radiotherapy. p349. Muci-Mendoza R, et al.

Macroaneurysm

Subretinal hemorrhage from a retinal arterial macroaneurysm simulating a choroidal melanoma. p86. Shields CL, et al.

Macular Diseases

Optical coherence tomography in the diagnosis of subclinical serous detachment of the macula secondary to a choroidal nevus. p474. Muscat S, et al.

Three-dimensional analysis of macular diseases with a scanning retinal thickness analyzer and a confocal scanning laser ophthalmoscope. p95. Konno S, et al.

Macular Edema

Efficacy of various laser wavelengths in the treatment of clinically significant macular edema in diabetics. p397. Gupta V, et al.

Macular Hole

Closure of chronic macular holes using passive aspiration to the edges of the macular hole. p486. Peyman GA, et al.

A traumatic macular hole secondary to a high-energy Nd:YAG laser. p73. Chuang L-H, et al.

Macular Hole Surgery

Adjuvant methods in macular hole surgery: intraoperative plasma-thrombin mixture and postoperative fluid-gas exchange. p198. Blumenkranz MS, et al.

Fundus autofluorescence in macular hole surgery. p383. Framme C, et al.

Microbubble retention and failed macular hole surgery. p243. Chow DR, et al.

Metastasis

Optic nerve metastasis from oat cell lung adenocarcinoma: regression after radiotherapy. p349. Muci-Mendoza R, et al.

Laser therapy in the management of choroidal breast tumor metastases. p294. Levinger S, et al.

MEWS (see Multiple Evanescent White Dot Syndrome)

Microbubble Retention

Microbubble retention and failed macular hole surgery. p243. Chow DR, et al.

Mitomycin C

Hyperbaric oxygen therapy for mitomycin c-induced scleral necrosis. p590. Bayer A, et al.

Sclerotomy using needle puncture and subconjunctival injection of mitomycin C. p140. Wygnanski-Jaffe T, et al.

Suramin to enhance glaucoma filtering procedures: a clinical comparison with mitomycin. p358. Mietz H, et al.

Pterygium surgery with mitomycin-C: ten-year results. p341. Anduze AL.

Multiple Evanescent White Dot Syndrome

Persistent indocyanine green angiographic findings in multiple evanescent white dot syndrome. p156. Yen MT, et al.

Nanophthalmos

Cataract surgery with primary posterior chamber intraocular lens implantation in nanophthalmos. p333. Mandal AK.

Natal Teeth

Primary congenital glaucoma and erupted teeth (natal teeth) in the newborn: a report of two cases. p419. Mandal AK.

Needle Puncture

Sclerotomy using needle puncture and subconjunctival injection of mitomycin C. p140. Wygnanski-Jaffe T, et al.

Neodymium:YAG Capsulotomy

Neodymium:YAG capsulotomy rates following phacoemulsification with implantation of PMMA, silicone, and acrylic intraocular lenses. p375. Ram J, et al.

Nephrotic Syndrome

Progressive outer retinal necrosis in a patient with nephrotic syndrome. p67. Shinoda K, et al.

Newborn

Primary congenital glaucoma and erupted teeth (natal teeth) in the new-

born: a report of two cases. p419. Mandal AK.

Ninja Stars

Severe penetrating ocular injury from ninja stars in two children. p336. Jeng BH, et al.

Nodular cutaneous amyloid tumors of the eyelids in the absence of systemic amyloidosis. p422. Pelton RW, et al.

Noncontact Wide-Angle Viewing Lenses

Postoperative complications following vitrectomy for proliferative diabetic retinopathy with sew-on and noncontact wide-angle viewing lenses. p193. Virata SR, et al.

NPe6

Toxicity of the photosensitizer NPe6 following intravitreal injection. p316. Dessouky E-S, et al.

Oat Cell Lung Adenocarcinoma

Optic nerve metastasis from oat cell lung adenocarcinoma: regression after radiotherapy. p349. Muci-Mendoza R, et al.

OCT (see Optical Coherence Tomography)

Ocular Penetration of Drugs

Ocular penetration of cefepime following systemic administration in humans. p25. Ozdamar A, et al.

Open-Angle Glaucoma

Open-angle glaucoma secondary to blood clot in the Schlemm's canal following scleral buckle surgery and its treatment with tPA. p145. Ayyala RS, et al.

Ophthalmoscopic Screening

Quantitative CMV antigenemia correlated with ophthalmoscopic screening for CMV retinitis in AIDS patients. p81. Fezza J, et al.

Optical Coherence Ttomography

Optical coherence tomography in the diagnosis of subclinical serous detachment of the macula secondary to a choroidal nevus. p474. Muscat S, et al.

Structural changes of the retina in retinal vein occlusion-imaging and quantification with optical coherence tomography. p272. Lerche R-C, et al.

Optic Nerve

Quantitative analysis of hydroxyl radicals in the anterior optic nerve of the cat following transient ischemia. p55. Ophir A.

Optic Nerve Netastasis

Optic nerve metastasis from oat cell lung adenocarcinoma: regression after radiotherapy. p349. Muci-Mendoza R, et al.

Outcomes

Endonasal laser dacryocystorhinostomy and external dacryocystorhinostomy outcome profile in a general ophthalmic service unit: a comparative retrospective study. p220. Ibrahim HA, et al.

Outcomes of temporal clear cornea versus superior scleral tunnel phacoemulsification incisions in a university training program. p228. Karp KO, et al.

Surgical removal of submacular choroidal neovascularization: a clinicopathologic study and factors influencing visual outcomes. p406. Corey RP, et al.

Palpebral xanthelasmas

Use of Erbium:YAG laser in the treatment of palpebral xanthelasmas. p129. Mannino G, et al.

Pancreatitis

Purtscher's retinopathy in a patient with acute pancreatitis. p263. Umlas JW, et al.

Pars plana Lensectomy and Vitrectomy

Traumatic lens abscess with chronic endophthalmitis successfully treated with pars plana lensectomy and vitrectomy. p239. Kaushik S, et al.

Pediatric Glaucoma

Diode laser cyclophotocoagulation in refractory glaucoma: comparison between pediatric and adult glaucomas. p100. Izgi B, et al.

Pediatric Traumatic Cataract

Postoperative complications and visual results in uniocular pediatric traumatic cataract. p233. Brar GS, et al.

Penetrating Keratoplasty

Retrocorneal membrane after penetrating keratoplasty. p159. Lifshitz T, et al.

Penetrating Ocular Injury

Severe penetrating ocular injury from ninja stars in two children. p336. Jeng BH, et al.

Peripheral Keratitis

Rhinosporidiosis and peripheral keratitis. p338. Bhomaj S, et al.

Phacoemulsification

Iris neovascularization after vitrectomy combined with phacoemulsification and intraocular lens implantation for proliferative diabetic retinopathy. p19. Kadonosono K, et al.

Outcomes of temporal clear cornea versus superior scleral tunnel phacoemulsification incisions in a university training program. p228. Karp KO, et al.

Neodymium:YAG capsulotomy rates following phacoemulsification with implantation of PMMA, silicone, and acrylic intraocular lenses. p375. Ram J, et al.

Sinus Fracture—phacoemulsification technique for dense cataracts. p503. Dada VK, et al.

Photorefractive Keratectomy

Excimer laser photorefractive keratectomy for hyperopia. p30. Pacella E, et al.

Photosensitizers

Toxicity of the photosensitizer NPe6 following intravitreal injection. p316. El-Dessouky E-S, et al.

Plasma-Thrombin Mixture

Adjuvant methods in macular hole surgery: intraoperative plasma-thrombin mixture and postoperative fluid-gas exchange. p198. Blumenkranz MS, et al.

Plumbing Accessories

A novel approach for the fixation of enucleated eyes during microsurgical procedures using common household plumbing accessories. p166. Yip C-C, et al.

PMMA (intraocular lenses)

Neodymium:YAG capsulotomy rates following phacoemulsification with implantation of PMMA, silicone, and acrylic intraocular lenses. p375. Ram J, et al.

Pneumatic Retinopexy

Laser pneumatic retinopexy for repair of recurrent retinal detachment after failed scleral buckle-ten years experience. p13. FribergTR, et al.

Polytetrafluoroethylene

Histopathology of polytetrafluoroethylene (Gore-tex) as a scleral buckle inhumans. p245. Sheu S-J, et al.

Posteriorly Dislocated Intraocular Lens

Management of posteriorly dislocated intraocular lens: a new technique. p260. Santos A, et al.

Postoperative Complications (see Surgical Complications)

Povidone Iodine

Evaluation of glutaraldehyde and povidone iodine for sterilization of wide-field contact vitrectomy lenses. p300. Das T, et al.

Premacular Hemorrhage

The effect of tissue plasminogen activator on premacular hemorrhage. p7. Chung J, et al.

Primary Congenital Glaucoma

Primary congenital glaucoma and erupted teeth (natal teeth) in the newborn: a report of two cases. p419. Mandal AK, et al.

Complex cases with LASIK: advanced techniques and complication management by Louis E. Probst, MD. Book review. p175. Dugan JD Jr.

Proliferative Diabetic Retinopathy

Iris neovascularization after vitrectomy combined with phacoemulsification and intraocular lens implantation for proliferative diabetic retinopathy. p19. Kadonosono K, et al.

Postoperative complications following vitrectomy for proliferative diabetic retinopathy with sew-on and noncontact wide-angle viewing

lenses. p193. Virata SR, et al.

***Pseudallescheria boydii* Endophthalmitis**

Endogenous Pseudallescheria boydii endophthalmitis in a patient with ring-enhancing brain lesions. p325. Luu KKM, et al.

Pterygium Surgery

The effect of pterygium surgery on corneal topography. p35. Cinal A, et al. Using the eye fixation speculum as an adjunct to pterygium surgery. p162. Mulhern MG, et al.

Pterygium surgery with mitomycin-C: ten-year results. p341. Anduze AL, et al.

Primary Pterygium

Preserved human amniotic membrane transplantation in the treatment of primary pterygium. p464. Tekin NF, et al.

Progressive Outer Retinal Necrosis

Progressive outer retinal necrosis in a patient with nephrotic syndrome. p67. Shinoda K, et al.

Purtscher's Retinopathy

Purtscher's retinopathy in a patient with acute pancreatitis. p263. Umlas JW, et al.

Quantitative CMV Antigenemia

Quantitative CMV antigenemia correlated with ophthalmoscopic screening for CMV retinitis in AIDS patients. p81. Fezza J et al.

Radial Tears

Long-term results of various anterior capsulotomies and radial tears on intraocular lens centration. p118. Oner EH, et al.

Radiotherapy

Optic nerve metastasis from oat cell lung adenocarcinoma: regression after radiotherapy. p349. Muci-Mendoza R, et al.

Refractive Surgery

Refractive surgery: a color synopsis by Louis E. Probst, MD. Book review. p505. Hannush SB.

Refractory Glaucoma

Diode laser cyclophotocoagulation in refractory glaucoma: comparison between pediatric and adult glaucomas. p100. Izgi B, et al.

Retina

Structural changes of the retina in retinal vein occlusion-imaging and quantification with optical coherence tomography. p272. Lerche R-C, et al.

Retinopathy

Purtscher-like retinopathy after retrobulbar injection. p 477. Lim B-A, et al.

Retinal Arterial Macroaneurysm

Subretinal hemorrhage from a retinal arterial macroaneurysm simulating a choroidal melanoma. p86. Shields CL, et al.

Retinal Detachment

Laser pneumatic retinopexy for repair of recurrent retinal detachment after failed scleral buckle-ten years experience. p13. Friberg TR, et al.

Retinal Vein Occlusion

Structural changes of the retina in retinal vein occlusion-imaging and quantification with optical coherence tomography. p272. Lerche R-C, et al.

Retinopathy of Prematurity

Diode laser photocoagulation for retinopathy of prematurity: a histopathologic study. p63. Park P, et al.

Retrocorneal Membrane

Retrocorneal membrane after penetrating keratoplasty. p159. Lifshitz T, et al.

Rhinosporidiosis

Rhinosporidiosis and peripheral keratitis. p338. Bhomaj S, et al.

Rupture of Schlemm's Canal

Argon laser photocoagulation for recurrent hyphema caused by a rupture of Schlemm's canal. p255. Akkin C, et al.

Scanning Laser Ophthalmoscope

Three-dimensional analysis of macular diseases with a scanning retinal thickness analyzer and a confocal scanning laser ophthalmoscope. p95. Konno S, et al.

Scanning Retinal Thickness Analyzer

Three-dimensional analysis of macular diseases with a scanning retinal thickness analyzer and a confocal scanning laser ophthalmoscope. p95. Konno S, et al.

Atlas of vitreous biomicroscopy by Charles L. Schepens, MD. Clement L. Trempe, MD; Masataka Takahashi, MD. Book review. p176. Ho AC.

Schlemm's Canal

Open-angle glaucoma secondary to blood clot in the Schlemm's canal following scleral buckle surgery and its treatment with tPA. p145. Ayyala RS, et al.

Argon laser photocoagulation for recurrent hyphema caused by a rupture of Schlemm's canal. p255. Akkin C, et al.

Scleral Buckle

Laser pneumatic retinopexy for repair of recurrent retinal detachment after failed scleral buckle-ten years experience. p13. Friberg TR, et al.

Open-angle glaucoma secondary to blood clot in the Schlemm's canal following scleral buckle surgery and its treatment with tPA. p145. Ayyala RS, et al.

Histopathology of polytetrafluoroethylene (Gore-tex) as a scleral buckle in humans. p245. Sheu S-J, et al.

Scleral Tunnel Implantation

Scleral tunnel for the implantation of glaucoma seton devices. p432. Ozdamar AK, et al.

Scleral Necrosis

Hyperbaric oxygen therapy for mitomycin C-induced scleral necrosis. p490. Bayer A, et al.

Sclerotomy

Sclerotomy using needle puncture and subconjunctival injection of mitomycin C. p140. Wygnanski-Jaffe T, et al.

Sew-On Wide-Angle Viewing Lenses

Postoperative complications following vitrectomy for proliferative diabetic retinopathy with sew-on and noncontact wide-angle viewing lenses. p193. Virata SR, et al.

Silicone (Intraocular Lenses)

Neodymium:YAG capsulotomy rates following phacoemulsification with implantation of PMMA, silicone, and acrylic intraocular lenses. p375. Ram J, et al.

Simultaneous Vitrectomy and Cataract Surgery

Postoperative complications after simultaneous vitrectomy and cataract surgery. p391. Suzuki Y, et al.

Stellate Corneal Lacerations

A novel suture technique in stellate corneal lacerations. p436. Akkin C, et al.

Sterilization

Evaluation of glutaraldehyde and povidone iodine for sterilization of wide-field contact vitrectomy lenses. p300. Das T, et al.

Strabismus

Management of strabismus and amblyopis: a practical guide (2nd ed) by John A Pratt-Johnson and Geraldine Tillson. Book review. p 506. Mulvey LD.

Structural Changes of the Retina

Structural changes of the retina in retinal vein occlusion-imaging and quantification with optical coherence tomography. p272. Lerche R-C, et al.

Subconjunctival Anesthesia

Subconjunctival anesthesia in contact diode laser cyclophotocoagulation. p289. Schlote T, et al.

Subconjunctival Cephalosporin Anaphylaxis

Subconjunctival cephalosporin anaphylaxis. p79. Berrocal AM, et al.

Subconjunctival Injection

Sclerotomy using needle puncture and subconjunctival injection of mitomycin C. p140. Wygnanski-Jaffe T, et al.

Submacular Choroidal Neovascularization

Surgical removal of submacular choroidal neovascularization: a clinicopathologic study and factors influencing visual outcomes. p406. Corey RP, et al.

Subretinal Hemorrhage

Subretinal hemorrhage from a retinal arterial macroaneurysm simulating a choroidal melanoma. p86. Shields CL, et al.

Superior Scleral Tunnel

Outcomes of temporal clear cornea versus superior scleral tunnel phacoemulsification incisions in a university training program. p228. Karp KO, et al.

Suprachoroidal Hemorrhage

Suprachoroidal hemorrhage as a complication of vitrectomy. p281. Ghoraba HH, et al.

Suramin

Suramin to enhance glaucoma filtering procedures: a clinical comparison with mitomycin. p358. Mietz H, et al.

Surgical Complications

Subconjunctival cephalosporin anaphylaxis. p79. Berrocal AM, et al.

Postoperative complications following vitrectomy for proliferative diabetic retinopathy with sew-on and noncontact wide-angle viewing lenses. p193. Virata SR, et al.

Postoperative complications after simultaneous vitrectomy and cataract surgery. p391. Suzuki Y, et al.

Postoperative complications and visual results in uniocular pediatric traumatic cataract. p233. Brar GS, et al.

Acute bilateral postoperative endophthalmitis in a HLA-DQ5-positive patient: possible susceptibility to infections. p322. Nicoli CL, et al.

Suprachoroidal hemorrhage as a complication of vitrectomy. p281. Ghoraba HH, et al.

Surgical Technique

Endoscopic goniotomy with anterior chamber maintainer surgical technique and one-year results. p496. Bayraktar S, et al.

Surgical Training

Outcomes of temporal clear cornea versus superior scleral tunnel phacoemulsification incisions in a university training program. p228. Karp KO, et al.

A novel approach for the fixation of enucleated eyes during microsurgical procedures using common household plumbing accessories. p166. Yip C-C, et al.

Suture Fixation

"Luggage-tag" suture fixation of partially dislocated intraocular lenses. p346. Virata SR, et al.

Suture Technique

A novel suture technique in stellate corneal lacerations. p436. Akkin C, et al.

Keratometric results during the first year after keratoplasty: adjustable single running suture technique versus double running suture technique. p370. Ramirez M, et al.

Tectonic Epikeratoplasty

Tectonic epikeratoplasty: a surgical procedure for corneal melting. p305. Lifshitz T, et al.

Temporal Clear Cornea

Outcomes of temporal clear cornea versus superior scleral tunnel phacoemulsification incisions in a university training program. p228. Karp KO, et al.

Three-Dimensional Analysis

Three-dimensional analysis of macular diseases with a scanning retinal thickness analyzer and a confocal scanning laser ophthalmoscope. p95. Konno S, et al.

Tissue Plasminogen Activator

The effect of tissue plasminogen activator on premacular hemorrhage. p7. Chung J, et al.

Open-angle glaucoma secondary to blood clot in the Schlemm's canal following scleral buckle surgery and its treatment with tPA. p145. Ayyala RS, et al.

tPA (see Tissue Plasminogen Activator)

Toxoplasmic Retinochoroiditis

Intravitreal clindamycin and dexamethasone for toxoplasmic retinochoroiditis. p183. Kishore K, et al.

Trabeculectomy

Hydrodissection of conjunctival flap during trabeculectomy in eyes with conjunctival scarring caused by trachoma. p213. Mitra S, et al.

Trabeculotomy-Trabeculectomy

Valsalva retinopathy-like hemorrhage associated with combined trabeculotomy-trabeculectomy in a patient with developmental glaucoma. p330. Mandal AK, et al.

Trachoma

Hydrodissection of conjunctival flap during trabeculectomy in eyes with conjunctival scarring caused by trachoma. p213. Mitra S, et al.

Transient Ischemia

Quantitative analysis of hydroxyl radicals in the anterior optic nerve of the CAT following transient ischemia. p55. Ophir A, et al.

Trauma

A simple closed chamber technique for repair of traumatic iridodialysis in phakic eyes. p83. Erakgun T, et al.

Chorioretinitis sclopetaria from BB ex memoria. p152. Otto CS, et al.

Traumatic lens abscess with chronic endophthalmitis successfully treated with pars plana lensectomy and vitrectomy. p239. Kaushik S, et al.

Internal limiting membrane removal for traumatic macular holes. p308. Kuhn F, et al.

Severe penetrating ocular injury from ninja stars in two children. p336. Jeng BH, et al.

Postoperative complications and visual results in uniocular pediatric traumatic cataract. p233. Brar GS, et al.

Traumatic Cataract

Postoperative complications and visual results in uniocular pediatric traumatic cataract. p233. Brar GS, et al.

Traumatic Lens Abscess

Traumatic lens abscess with chronic endophthalmitis successfully treated with pars plana lensectomy and vitrectomy. p239. Kaushik S, et al.

Traumatic Macular Holes

Internal limiting membrane removal for traumatic macular holes. p308. Kuhn F, et al.

Tumors

Nodular cutaneous amyloid tumors of the eyelids in the absence of systemic amyloidosis. p422. Pelton RW, et al.

University Training Program (see Surgical Training)

Valsalva Retinopathy-Like Hemorrhage

Valsalva retinopathy-like hemorrhage associated with combined trabeculotomy-trabeculectomy in a patient with developmental glaucoma. p330. Mandal AK, et al.

Vitrectomy

Iris neovascularization after vitrectomy combined with phacoemulsification and intraocular lens implantation for proliferative diabetic retinopathy. p19. Kadonosono K, et al.

Postoperative complications following vitrectomy for proliferative diabetic retinopathy with sew-on and noncontact wide-angle viewing lenses. p193. Virata SR, et al.

Traumatic lens abscess with chronic endophthalmitis successfully treated with pars plana lensectomy and vitrectomy. p 239. Kaushik S, et al.

Suprachoroidal hemorrhage as a complication of vitrectomy. p281. Ghoraba HH, et al.

Postoperative complications after simultaneous vitrectomy and cataract surgery. p391. Suzuki Y, et al.

Vitreoretinal Surgery

Corneal topography changes after vitreoretinal surgery. p168. Azar-Arevalo, O et al.

Whitnall's Ligament

The superior and inferior components of Whitnall's ligament. p173. Jordan DR, et al.

Whitnall's Ligament
The superior and inferior components of Whitnall's ligament. p173. Jordan DR, et al.
Wide-Angle Viewing Lenses
Postoperative complications following vitrectomy for proliferative diabetic retinopathy with sew-on and noncontact wide-angle viewing lenses. p193. Virata SR, et al.
Wide-Field Contact Vitrectomy Lenses
Evaluation of glutaraldehyde and povidone iodine for sterilization of wide-field contact vitrectomy lenses. p300. Das T, et al.
Xanthelasmas
Use of Erbium:YAG laser in the treatment of palpebral xanthelasmas. p129. Mannino G, et al.
